WISCONSIN WILL PLAY FOOTBALL

After Six Hours' Discussion, Faculty
Gives in to the Students' Demands.

Madison, Wis., April 6.—Football will be played at Wisconsin next fall, but big intercollegiate games with Michigan, Chicago and Minnesota will be cut out of the schedule.

For six hours last night the faculty of the university argued the football question. Marked opposition to the game that had been shown of late in faculty meetings appeared to be broken down, and it was nip and tuck between the adherents and opponents of the game until the meeting was adjourned.

President Van Hise, who has been the champion of the students for the cause of football left his chair to lead the discussion in favor of the game. Dean Birge, who has been strong for the game all the way through, warmly supported him. Professors Turner and Munro, who have advocated the suspension of the game ever since the agitation started, made a last effort for the suspension of the game but their efforts were in vain. The firm attitude of the students had taken in the matter won over the wavering members of the faculty and the majority was in favor of retaining the game.

ENGLAND'S KICK PASSED UP

Automobile Racing Board, It Is Said, Will Pay No Attention to It.

New York, April 6.—Scant consideration is likely to be given the protest lodged by the automobile club of Great Britain and Ireland against the records and victories of certain racing machines in the last Florida tournament by the racing board of the American Automobile association, according to today's Herald. There was not a meeting of that board yesterday as expected, but there was a conference between Jefferson de Mont Thompson, chairman of that board, and W. K. Vanderbilt, Jr. Several directors of the association also were in attendance.

Mr. Vanderbilt said that while abroad he talked with officers of the automobile club of France concerning the absence of differential gears in the racing machines and that he was informed that the club disclaimed any responsibility for the entry of the cars without differentials.

"The British club was a little late in entering its protest," was the only information vouchsafed by Mr. Thompson. He admitted that the complaint would be formally brought before the board the first regular meeting which will be held Monday next.

FAST TIME BY "FUZZY" MOORE

U Crack Sprinter Goes 100 Yards in Ten Seconds Flat Twice in One Day.

The track men at the State university are making the best of weather conditions, and are training earnestly for their coming meet. Some big surprises are looked for from some of the men. Yesterday, while in practice, Harry Moore, the University crack sprinter, made 100 yards in 10 seconds flat. It was thought that there was some mistake for such speed so early in the season, but on the second trial, timed by Coach Maddock, he again made the distance in 10 seconds flat. Maddock thinks that there is no reason to doubt that in contests this year he will bring the time below the 10-second mark.

Great improvement is being made in the hurrying of the discs. The ones to be relied on for this event will be "Cuddy," Russell, Swapp and Bennion, and they are beginning to assume what Coach Maddock terms "great form in handling the discs."

A baseball meeting was held yesterday by the baseball enthusiasts at the State university for the purpose of arranging for baseball suits. The boys have been practicing consistently for the past week, but seem to think that the practices are too tame without suits. A committee was appointed to confer with President Kingsbury and see if he cannot urge the regents to put up for the uniforms. At first the Athletic association was asked to do this but, as it has little money for this purpose, the request was handed over to the regents. It is now expected that a second request to the regents will bring the desired results.

Yesterday afternoon the college seniors of the University turned out for baseball practice to prepare for the ball game to take place between them and the college senior class of the University of Colorado. Some time ago the Colorado men sent a challenge to the University of Utah seniors for a game of baseball, which was accepted. The game will take place on the State University campus the first part of May and the proceeds will go to help pay the Colorado senior class expenses.

CITY MARSHALS TOO FAST

Defeat Liquor Dealers in Match Bowling Game at Murray.

One of the warmest bowling games of the season was played at Murray last evening, when the three city marshals and three prominent liquor dealers of the Smelter City had it out on the alleys. A greater part of the population of the town turned out to see the game, and such bowling, it is said, has never been witnessed since the Western Bowling congress in Salt Lake last month.

The men wearing the stars won two of the three games. The first was by a narrow margin of 6 points, the second by 5 points, and then the liquor dealers took the third by 4 points, or a difference of only 7 points on the three games. Whether it was the official stars worn by the marshals that caused the liquor dealers to become timid, or an over-indulgence in their own wares, should not be learned, but at any rate they gave the town guardians the best they had.

The scores:

Marshals.			
Whittle	113	107	320
Caldwell	100	125	225
Matoss	100	129	229
Totals	313	361	674

Liquor Dealers.

Smith	130	140	270
Tripp	125	107	232
Bush	112	142	254
Totals	367	389	756

When it was all over the liquor dealers wanted more of it, and they challenged the marshals to a fourth game. It was accepted and this time the marshals won out by the narrow margin of 1 point. The scores were 41 to 40.

Walt Seare Orders Team to Work Out at Liberty Park.

Captain Walter Seare of the Salt Lake team in the State league has ordered all the players of the team out for practice tomorrow afternoon. The team will practice on the Liberty park grounds, starting at 2 p. m. Walker's field has not become dry enough to play ball on this spring, but Seare says he expects it will be all right by a week from Sunday for the first practice game.
